

Baisa's Adventures is my roots calling me back to curate experiences inspired from my strong desire to return to one's homeland, which help our rural community and create opportunities to reach out to people all over the world through sustainable tourism.

Build a bond with the spirited Marwari horses and enjoy the journey of our local indigenous people in the land of Shekhawati through various rural experiences curated by **Mallyka Baisa** from Dundlod and led by her trained local team in the village.

Dundlod Horse safari led by **Thakur Raghuvendra Singh Dundlod**: A cultural exploration across Rajasthan on Marwari horses. Famed for their inward curling ears, the Marwari's are an indigenous breed of India. Horse Safari for intermediate to advances riders only in the countryside deeply connecting with the local culture and people, whilst forging a genuine understanding of the unique Marwari breed of horses.
